

## Fair Use Policy

This Fair Use policy applies to MGM Telecom Services.

It is important to MGM Telecom that all eligible MGM Telecom customers are able to access our Services. Accordingly, We have devised a Fair Use Policy which applies to:

- (a) usage of MGM Telecom Services and Plans; and
- (b) any promotions or Services which are advertised by MGM Telecom as subject to the Fair Use Policy ("Fair Use Promotions").

We reserve the right to vary the terms of the Fair Use Policy from time to time.

MGM Telecom may rely on the Fair Use Policy where:

- (a) your usage of MGM Telecom Services is unreasonable; or
- (b) your participation in a Fair Use Promotion is excessive or unreasonable, as defined below.

### **Unreasonable Use**

It is unreasonable use of MGM Telecom Services where your use of MGM Telecom Services is reasonably considered by MGM Telecom to be excessive, fraudulent or to adversely affect the MGM Telecom Network or other MGM Telecom customers' use of or access to a MGM Telecom Service or the MGM Telecom Network.

It is unreasonable use of a Fair Use Promotion where Your participation in a Fair Use Promotion is reasonably considered by MGM Telecom to be excessive, fraudulent or to adversely affect the MGM Telecom network or another MGM Telecom customer's use of or access to a MGM Telecom service or the MGM Telecom network.

Among other things, "fraudulent use" includes resupplying a MGM Telecom Service without MGM Telecom's consent so that someone else may access or use MGM Telecom Data Services or take advantage of a Fair Use Promotion.

### **Our Rights**

Where You are in breach of this Fair Use Policy, MGM Telecom may contact You to discuss changing Your usage so that it conforms to this Fair Use Policy.

If, after MGM Telecom has contacted you, Your excessive or unreasonable use continues, MGM Telecom may, without further notice to you:

- (a) suspend or limit the Service (or any feature of it) for any period We think is reasonably necessary; and/or
- (b) terminate Your agreement with MGM Telecom.
